

Get Your Share Of The Estimated \$80 Billion In Grants Given Out Each Year

There are billions of dollars of grants given every year.

It's likely you can get one.

BUT you need to know how to apply for them the right way.

It doesn't matter how great your need is, all that matters is how well you sell that to the grant provider.

Going it alone can seem like a low-cost option but in reality it usually leads to missing out.

After all, you're not a professional grant writer.

You don't know exactly what they're looking for. So it's hard to present a compelling case of how much you need the funding.

Until now your only options for help were:

1. Do a grant writing workshop. These are ideal for getting started in grants. But often people forget what they learned by the time they get around to writing a grant application. Most people need personal support to write a successful application.
2. Get professional help. This is only suitable for bigger grants as it costs more to get a professional to write the application for you. It does not deliver professional development and the ability to write grants yourself.

Now there's a third, powerful and affordable, option. It's my new program called 'Get That Grant'.

When you join the Get That Grant program you get:

- ✓ An extensive library of 14 training videos you can watch at your own pace. Every aspect of successfully applying for grants is included in the videos. You have full access for a whole year so if you need to remind yourself of something you can do that anytime.
- ✓ The training library is regularly updated so you will always have accurate and current information.
- ✓ There are templates and worksheets for all the training so you can absorb and master the material for when you write your next grant application.
- ✓ Every month there is a group coaching call you can join to get help with preparing your grant applications.
- ✓ You also get access to our exclusive Facebook community for program members. Network and share your experiences with others. Ask questions you are stuck on and get personalised help.
- ✓ One on one coaching available at \$190 an hour (Save \$60)

In simple terms you get all the training and personal support you need to **get the grants you deserve**. This is the exact system I use to get over \$10 million in grant funding for my private clients each year.

Here's what a recent client had to say:

GRANT WRITING WORKSHOP FEEDBACK

"...Well presented and backed with knowledge, I did get a lot from this thank you ..."

"... I was very satisfied with Tara's knowledge, delivery and explanations. I came away with a far better understanding of the Grants process over all. I can confidently say the workshop hit the mark and delivered the content well, it far exceeded my expectations. I was very happy with the outcome ..."

"... Tara is very knowledgeable and provided good insight into the grant application process and expectations of funding bodies, with relevant examples to make the learning process easy. The Project Plan and Grant Checklist provided prior to the session was great ..."

"...Really enjoyed the Grants presentation, thought it was very thorough, and will help me immensely ..."

Frequently Asked Questions

What happens if I have questions whilst I'm writing a grant application?

I have designed the worksheets to show you everything you will need. But if you still have questions you will be fully supported in the private Facebook community.

Can't I just do a grant writing course or workshop?

Yes you can. But what happens is you learn things on the day and then forget them by the time you come to write your grant application. With Get That Grant you can access the right information when you need it and also get your questions answered. This means your application will stand out from the rest and your chances of securing grant funding go way up.

What experience do you have with getting grants?

I have over 10 years experience in State and Federal Governments with 7 years spent assessing and managing over 60 Royalties for Regions grant projects worth in excess of \$1 billion. My private clients get over \$10 million in grant funding by working with me.

Will this work for me?

Absolutely. It's the exact process I use with my private clients to get them \$10 million in funding each year. Follow the steps and you will have done everything right.

What happens is the grant process changes?

If anything changes the modules will be updated or new ones added. Program members will be as up to date as I am and I typically pick up any changes before they happen.

How long is my access?

You have access for a full year. After your first year you will be able to renew access at the best possible rate even if the price goes up for new members (I expect it will).

Hi Jeremy

For the next 3 days, I'd like to give you ALL this for free:

- a) **We will manually and selectively prospect 200 execs or business owners for you for free (\$200)** – done by highly experienced LinkedIn consultants in your niche, so you get enquiries and clients, free.

- b) **Review of your LinkedIn profile (\$150)** – pinpointing what will increase enquiries & how to do it too. (I reveal everything that will make your profile generate enquiries when prospects are looking for consultants like you). Again, FREE.

- c) **Our premium LinkedIn course (\$450)** – Refresher of the basics, plus dozens of new client generating tactics, that you can customise to your preferred industry, to generate clients like a LinkedIn pro!

- d) **Our premium Facebook course (\$450)** – as a back-up plan to virtually guarantee your business' success, how you can generate interested leads for as little as \$1.70/pop. Every day. Yes, some high end consultants use a few FB tricks like this!

- e) **1 hour consulting with our principal consultant (\$840)** – the guy has generated \$2B worth of revenue for 1000+ clients. This is one eye-opener you don't want to miss.

- f) **Our secret "high conversion" email templates** – we never show anyone, as we don't want others doing the same thing we do. 7 of them. Copywrited for generating clients now. If you got them done professionally, they would cost you \$150 each. (\$1,050)

- g) **Our star sales training** – so you can convert even more prospects into happy clients, faster. (\$840)

So, why am I offering all the above for free?

Because I have the capacity to take on 5 new clients who are serious about building their client base fast.

If you'd like to become a client of mine, you get all these bonuses free..

But you probably want to know exactly what it is that we can do for you.

This is typical list of activities we do for you, every day - when you become a client:

We'll:

a. Prospect 100-300 decision-makers/day for you (looking for the absolute best possible match to your services), building a large audience fast – generating clients-on-demand - as part of this ultra-fast process

b. We'll write up 1-5 pieces of content every week – so people acknowledge YOU as an authoritative source of prized knowledge. Social proofing content increases clients much faster

c. We'll approach thought-leaders on your behalf and associate you with them – to build your brand, so competitors can't ever touch you again, getting you the best customers in your segment. Clients will never question you again either.

d. We convince 30-100 authoritative people to like and comment and share your content. Every time. So prospects know you are the real deal. Protecting you from any possible decline in the economy. Again, the sort of social proofing that industry leaders usually get. This alone generates enquiries for your services products.

Unlike a lot of our competitors, we guarantee what we do - and don't ask for contracts.

Guarantees are:

- a. We'll give your money back if we don't generate a great outcome for you
- b. Plus, we'll give you the \$3,980 bonuses anyway – i.e. you keep whatever bonus/prospects you have, even if you leave us.

I am leaving this offer open for 3 days and 5 clients only. Applications will be processed on a first come, first serve basis

If a rapid increase in clients is even remotely interesting to you, then

reply with your mobile number

and

a good time to call.

When we speak I will not use any high pressure sales tactics. If I can help you, I will offer you a spot.

If I can't, I won't. Simple.

I don't think I can be fairer than this.

Regards,

Darren.

P.S. \$3,980 worth of the best sales generating help out there. Free for anyone that signs up for our "client getting" program in the next 3 days. For 5 people only. I will try to send a reminder but please *reply to this email with your mobile and a good time to call asap*, if of interest. Let's see if we are a fit for each other.
